Industries

Insurance

We are the No. 1 provider of core insurance solutions serving the broking, carrier and re-insurance markets to enable clients to build stronger customer relationships, launch new digital capabilities and modernize legacy insurance technology. We provide market-leading software, a comprehensive partner ecosystem and an unrivaled insurance business process services capability.

Healthcare & Life Sciences

We provide industry-leading software, next-gen offerings and business process services to providers, payers, government health and life sciences firms. We focus on digital transformation solutions to improve outcomes for citizens and patients.

Travel, Transportation & Hospitality

With 40+ years of industry experience, we support mission-critical systems for top airline, consumer travel, freight and logistics, railway and hospitality firms. Our solutions help clients find new sources of revenue, support growth and transform operations.

Banking & Capital Markets

A leading provider of banking software and front-office managed trading solutions, we support banking and capital markets clients with 30+ years of industry experience, specialized services and resources to make transformation happen.

Aerospace & Defense

A leading IT services provider to A&D firms, we help clients shorten time to market, gain insight from data and adopt digital technologies to accelerate innovation across manufacturing and supply chains.

Consumer & Retail

We help the world's leading consumer packaged goods and retail firms focus on consumer experience and help clients seize opportunities in the face of disruptive digital trends.

Energy, Utilities, Oil & Gas

We've supported more than 400 energy businesses worldwide over 20+ years. Our solutions help clients rapidly seize market opportunities, gain competitive advantage and evolve with new business models.

Manufacturing & Auto

A leading IT services provider to automotive, aerospace and defense, industrial, high tech and chemical firms, we combine deep expertise in manufacturing, connected products, analytics and security to help clients drive innovation.

Public Sector

We're one of the world's leading independent IT services providers to government agencies of several nations. We partner with agencies to enhance and create citizen and staff outcomes and provide secure, 24x7 support to mission-critical systems and operations.

Technology, Media & Telecommunications

We provide innovative business solutions to the world's leading communications, media and entertainment firms to transform their business, redefine the customer experience and capitalize on digital convergence.
