

## CUSTOMER SUCCESS

## Gateway Casinos & Entertainment

Gateway Casinos & Entertainment Limited sought an eprocurement solution to speed and simplify its procurement operations across multiple locations — placing a winning bet on Paramount WorkPlace.

“

Paramount WorkPlace offers the best integration we found with Dynamics GP, and their approval workflow engine is robust enough to handle the strict controls we wanted to put into place. ”

- Dennis Yu, Manager of Financial Systems and Information Gateway Casinos & Entertainment Limited

### CHALLENGES

- Lack of visibility into procurement cycle
- Decentralized purchasing proved costly
- Difficult to enforce budgets across locations

### REQUIREMENTS

- Flexible approval routing capabilities
- Easy accessible across multiple locations
- Real-time integration with Microsoft Dynamics

### SOLUTION

*Paramount WorkPlace Procurement Management Solution, integrated with Microsoft Dynamics GP.*

- Paramount WorkPlace delivers robust procurement management capabilities to more than 200 users across multiple locations, speeding and simplifying purchasing while delivering needed visibility and budget control.

### BENEFITS

- Role-based security simplifies administration
- Improved insight into and control over corporate spending
- Ability to centralize purchasing for greater cost savings
- No need to invest in ERP user licenses for procurement users
- Integration with ERP eliminates need for duplicate data entry
